## 1. INSTALLING MOODLE APP

Other than through CIDOS Portal, CIDOS LMS is also accessible through Moodle App. Moodle App is developed by Moodle to make your LMS mobile and enables you to access your courses online and offline from any Android and Apple devices.

1. In order to start using Moodle App, you need to download and install the App onto your devices.
2. The link to the App in Google Play (Android devices) and App Store (Apple devices) are as follows:

Moodle App on Google Play

Moodle App on App Store

3. Scan the QR Code and click Install to start the installation process to your devices.

4. You can also scan the QR code available in your profile page of your CIDOS LMS website to download the Moodle App.

Scan the QR code with your mobile app to fill in the site URL in your app.

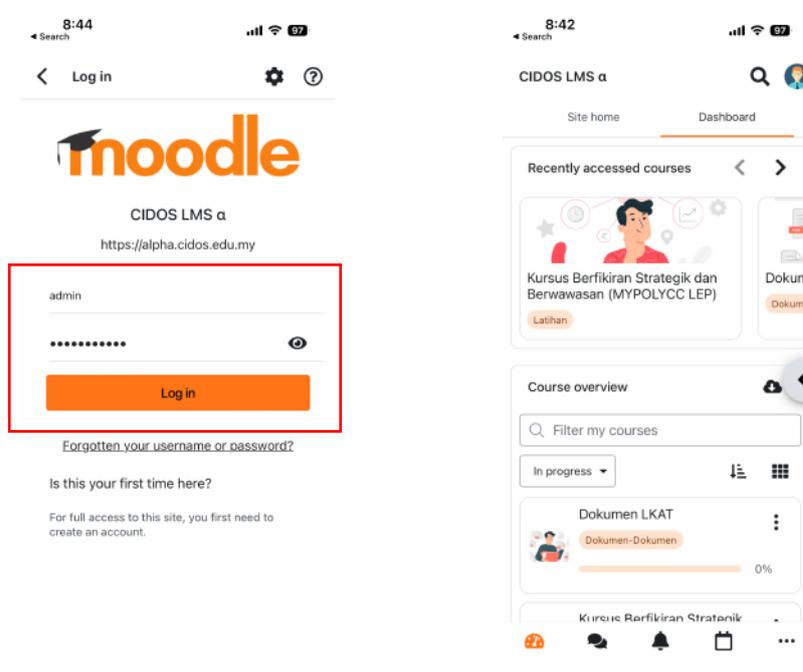

This site has mobile app access enabled.  
Download the mobile app.

## 2. CONNECTING TO YOUR CIDOS LMS

1. Click on the Moodle icon on your device.
2. Connect your CIDOS LMS to the App by entering your CIDOS LMS site address. Please refer to your Admin to get the full site address of your institution.

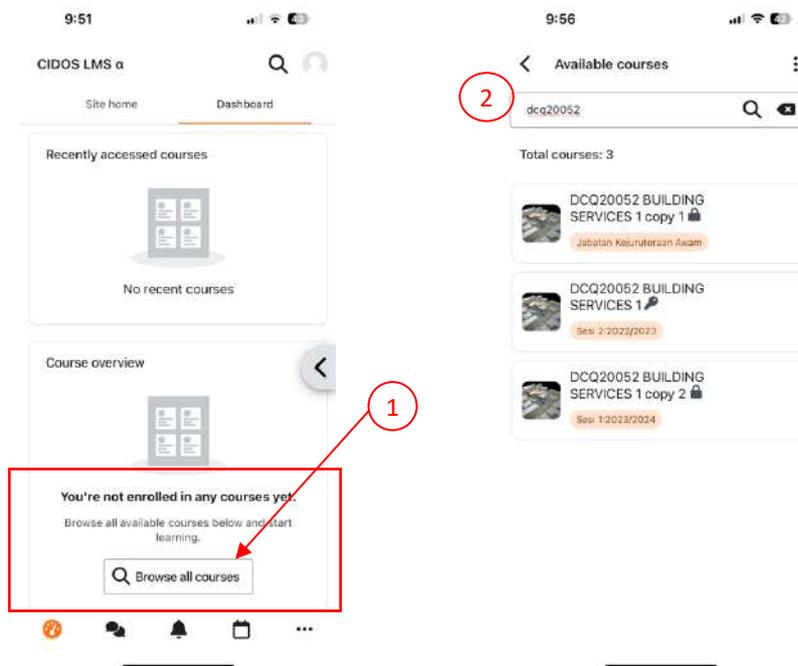

5. Log into your CIDOS LMS using the username and password registered during the First Time Login process. If your login is successful, you will be able to see your LMS Site Home and Dashboard.

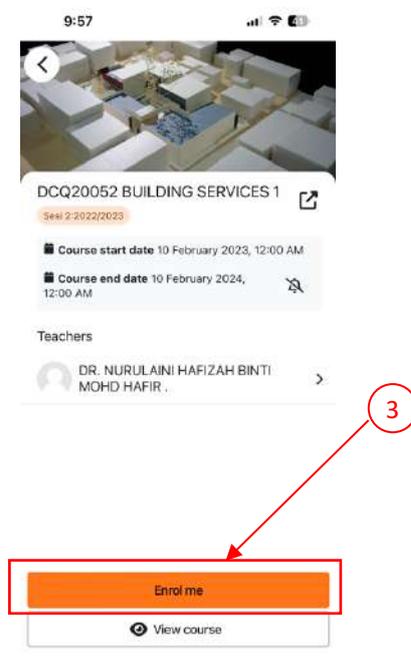

### 3. ACCESSING YOUR COURSES

#### 3.1 Enrolling to a New Course

1. To enroll to a new course, click on “Browse all courses” to search for available courses.
2. Key-in your course name in the Search field and click the Search icon . Click on the course name that you want to enroll.

3. Click on “Enrol me” button to enroll into the course.

### 3.2 Accessing Enrolled Courses

1. Click on Dashboard tab. You should see all your enrolled courses there. Click on the course that you want to enter.
2. You will see the course content under the tab "Course". Scroll down to see all the activities available in that course.
3. Click on the  icon to access the Course Index information.
